EL DORADO COUNTY'S ONLY DAILY NEWSPAPER

VOLUME XLVIII

PLACERVILLE, EL DORADO COUNTY, CALIFORNIA, TUESDAY, MAY 10, 1938

NUMBER 109

The state snow plow which is clearing snow from the highway across the Echo Summit is east of Phillips and within two and a half miles of the crest.

The road is closed to traffic at Camp Sacramento, since from that point east the width is one-car only.

Monday the snow plow crew made the best distance they have made during the past two weeks when they kicked out 7 feet of snow for one-car width for a distance of one-half mile.

Barring a lot of unpleasant things which could happen—maybe—the road will surely be open for the Memorial Day week-end—we hope.

Mr. and Mrs. Ray Croft, of Camino, are the parents of a daughter born on Monday at Mercy Hospital, in Sacramento.

Mrs. Margaret Kelly was among the visitors in the county seat on Monday from Kelsey.

Bob Potter was here briefly Monday from Girgilla, Plumas County, calling on friends.

Mr. and Mrs. Edwin F. Smith, Lyle and Miss Barbara, spent Mothers' Day with Grandpa and Grandma Smith at their home in the Elkhorn district of Yolo County.

E. E. Jones was home from Plumas County over the week-end. Mr. Jones is work superintendent of a labor camp there for adult men (not CCC) and reports that the men of the camp include several college graduates. We agree with him that such circumstances are enough "to make a fellow think."

Hope Ernie Carsten, the younger, will forgive us for missing his winning of the state trapshoot championship Sunday, in our Monday issue. We were keeping track of Ernie, all right, but didn't get the result into the paper. It's here today, though.

Housewives, we imagine, will sympathize with a recent bride whose friends gave her a shower of miscellaneous canned goods. And the canned goods are indeed "miscellaneous" for the thoughtful friends carefully removed the labels from all of the cans.

Now, when the new bride hopes she opens a can of beans, she can expect to find anything from maple syrup to spin(sand)ach on the inside. See the sand in the spinach?

Sheriff George M. Smith and deputy Jones left Tuesday morning for San Quentin prison, to deliver to the warden Robert Fields and Mitchell D. Siderius, recently sentenced to from one to 10 years for grand theft.

E. H. Kincaid, who will have charge of the field work on blister rust control on El Dorado Forest, was at Butcher Corral, in the Pina Grande vicinity, on Tuesday.

Ranger M. D. Morris is on duty at Pacific Ranger Station.

Supervisor Cyril Heuser was in town from Shingle Springs on Tuesday.

Lewis Strickland was among the visitors in the county seat Tuesday from El Dorado.

District Attorney Henry S. Lyon was at Sacramento Tuesday on business matters. Mrs. Lyon accompanied him to the capital city.

George Lyon is up and about following a recent minor operation.

Lawrence Church was given a 30-day jail term several days ago by Acting Police Judge T. F. Lewis and the term was suspended on condition that Church would stay out of town. Monday night, he landed in durance vile again and came before the court Tuesday morning on the same old charge, drunk and disorderly. Judge Lewis made it 30 days this time, and no suspension.

Joe Burns, also known as "Roughhouse McCarty," went to jail for ten days Tuesday morning when he was found guilty in police court on a charge of being drunk and disorderly.

What happened to the "Welcome to California" sign which used to hang at the easterly city limits?

633 CLAIM JOB INSURANCE

Unemployed Compensation Paid In Placerville Thus Far Totals \$12,000; 846 Seek Work

As a part of California's march toward rejuvenated business conditions, the State Department of Employment office in Placerville took on new importance today as the center of exchange for labor in this district.

Invigorated as the result of adoption of unemployment compensation, the department office is now able to offer a triple service to residents of Placerville.

First and most important, it lists jobs for unemployed workers. Second, it can furnish preselected workers in specialized fields to employers. And third, it offers economic security to eligible unemployed workers in the form of compensation insurance until such workers have exhausted their benefits or have been placed in gainful employment.

In one week alone, according to reports submitted to Carl L. Hyde, director of the department whose headquarters are in Sacramento, a total of 427 persons passed through the Placerville office seeking either workers.

County C. of C. Units Active

Meeting Wednesday Night At Kyburz To Consider New Group In American River Canyon

Resort owners and other residents of the American River canyon will meet at Kyburz resort at 7:30 o'clock Wednesday evening to consider the proposal for the establishment of a unit of the El Dorado County Chamber of Commerce in that area.

President Reuel Whigam and Secretary Wallace M. Ripley of the Chamber of Commerce will attend the meeting to answer questions which may arise in the minds of the parties to the group in their consideration of the proposal.

The Chamber of Commerce all ready has several members in the American River Canyon district and these will help to form the nucleus of the unit in the event the proposal is approved.

The Western Unit of the Chamber of Commerce, embracing the communities of Diamond Springs, Shingle Springs and El Dorado met on Monday evening at El Dorado, with Clarence Scheiber as chairman.

The Georgetown unit meets tonight at Georgetown with J. H. Van Artsdalen as chairman and Howard Higgins as secretary.

The establishment of these two active units, and the proposed establishment of units in the American River canyon and at Lake Tahoe, are a part of a program of expansion for the Chamber of Commerce mapped for the year by President Whigam, with the objective of making the organization county-wide in scope as well as in name.

Standard Announces Fuel Oil Slash

SAN FRANCISCO, (UP)—Standard Oil of California put into effect today a 10-cent slash in the barrel price of fuel and diesel oil, warned that continued over production might further affect California's oil rate structure, and asked for cooperation in voluntary curtailment.

The cut, announced last night, was the first break in continuity of the state's oil prices in a long period and was the result of the serious overproduction in the oil industry generally plus rapidly mounting stocks.

U. S. Citizens Appeal For Bombing Rescue

HONG KONG, (UP)—A United States warship sailed for Amoy tonight to evacuate Americans endangered by a terrific Japanese aerial and naval bombardment of the inland port, off the east coast of China.

United States naval authorities dispatched the ship in response to an appeal by radio for assistance from the United States consul at Amoy. The consul indicated that the city had been bombarded throughout the day.

Twin Birthday At Brewster Home Tuesday

Tuesday was a red letter day at the home of Traffic Captain and Mrs. E. A. Brewster, for it was the first birthday of Helen Marie and Ann Elizabeth Brewster, twin girls.

The little ladies each weigh not quite twenty pounds, and each has eight teeth.

Almon Brewster, their big brother, shared in the festivities, too, for he was two years old on May 6th.

EL DORADO THEATRE TO REOPEN MAY 14

O. W. Schmit Manager; Policy To Feature Second Showing Of Major Attractions

The El Dorado Theatre will re-open Saturday, May 14, under the control of Naify Brothers, of Chico, who also operate the Empire Theater.

O. W. Schmit has been appointed manager of the theater and in addition to supervising the playhouse will have charge of publicity and exploitation for both local theaters.

Mr. Schmit has been in Placerville for the past ten days supervising the work of preparing the theater for the re-opening. He comes to Placerville from San Francisco and prior to locating at the Bay City was supervising manager of three theaters in Santa Fe, New Mexico.

The opening bill at the El Dorado theater will include "The Jungle Princess" and "My American Wife."

Mr. Schmit announces that the policy of the El Dorado will be to show the more successful first rate pictures in second running. Popular prices will prevail, thirty cents for adults and ten cents for children.

SGOBEL & DAY MAY PAY 40 CENTS ON DOLLAR

SACRAMENTO—Federal Judge M. J. Roche Monday granted an order for liquidation of the assets of the defunct SGOBEL & Day company, nationwide fruit shippers with headquarters in Sacramento.

The order was unopposed. Charles Stark, attorney for the trustee, told the court previous proposals for reorganization had been deemed inadvisable by creditor committees.

"We expect to pay off about 40 cents on the dollar to all creditors," Stark said. Claims totaling \$187,000 were filed with the state division of market enforcement last December, placing the company in the hands of trustees.

Folsom Prison To Have Visitors' Garage

FOLSOM PRISON, (UP)—Work is scheduled to begin soon on a spacious storage garage at Folsom prison for the automobiles of visitors, officials and guards who drive to work from nearby communities. Warden Clyde I. Plummer announced today. There are no car storage facilities outside the prison at present.

Yerudi Menuhin To Wed Australian Girl

LONDON (UP)—Yehudi Menuhin, concert violinist, is engaged to marry Miss Nola Nicholas, 19 year old daughter of George Nicholas of Melbourne, Australia, it was announced today.

They will be married at the London register office shortly. Soon afterward, they will leave for the violinist's ranch in the Santa Cruz mountains near San Francisco.

Frome Suspect May Be Missouri Murderer

HOUSTON, Tex., (UP)—A 36-year-old oil field worker, held in jail as a possible suspect in the brutal slayings of Mrs. Weston G. Frome and her daughter, Nancy, of Berkeley, Calif., was accused today of another crime.

A 9 year old runaway boy from Houston, whom officers found in the suspect's Fort Bend county home following the arrest, claimed the man told him that he killed another man near Dover, Mo., in 1922 or 1923 and fled with the victim's wife.

C. C. Herbert, forest road superintendent, was in the Caldor section on Tuesday.

BASEBALL AIDE LION SPEAKER

Joe Ziegler, Sacramento Club Secretary, Tells Of Purposes Of Cardinal "Farm System"

Joe Ziegler, secretary of the Sacramento Baseball Club and for several years connected with the St. Louis Cardinal organization in the National League, was the guest speaker at Tuesday's luncheon meeting of Placerville Lions.

Ziegler was present as the club's guest at the invitation of Lion John A. Raffetto, Jr., of the May entertainment committee, who introduced him.

Business of the meeting included a review by Lion John Palmer of the club's softball activities, and of plans for the County Picnic at Marcus P. Bennett, Jr., Memorial Park, on May 14.

Lion C. E. Barker reported the club's committee on nomination of candidates for officers would report next week, and named his committee on arrangements for the installation night meeting, to be held June 28. On the committee with Lion Barker as chairman are Lions L. J. Anderson, B. E. Larson, Harold G. Morehouse and Max Baer. The guest speaker explained that the

Roscoe Larkin Heads Eagles

Succeeds Frank Ward; Officers To Be Installed At Meeting On June 13th

Roscoe Larkin was elected worthy president of Placerville Aerie No. 889, P. O. E., for the new year at the regular election of officers of the aerie held on Monday evening.

Larkin will succeed Frank Ward. The installation of the new officers will be held at the meeting of the aerie on June 13, immediately following the return of the delegates to the State Aerie meeting.

Other officers chosen are Arthur Mart, vice-president; Wade Wilson, chaplain; William Allison, conductor; Bob Reeder, inside guard; Matt Miller, outside guard; H. E. Dillinger, trustee for three years; Joseph Shepard, secretary and Henry Lefevre, treasurer.

BAY BRIDGE TRAFFIC SHOWS GAIN WITH GOOD WEATHER

SACRAMENTO, (UP)—Improved weather conditions in the San Francisco bay area during April was mainly responsible for a daily increase of 1,523 cars using the San Francisco-Oakland bay bridge in April as compared with March.

State director of public works Earl Lee Kelly announced that 23,116 vehicles per day crossed the bridge for a total of 693,547 vehicles in April as against 669,431 for March.

Freight poundage was the highest for any month since the bridge opened with 74,814,670 pounds. The highest previous month was last August with 69,082,335 pounds. The April figures pushed the poundage total past the billion mark since the opening of the bridge. The exact figure was 1,001,537,020.

70 Miners Killed In Colliery Blast

CHESTERFIELD, Eng., (UP)—Seventy miners were killed today in explosions which wrecked the Markham colliery of the Staveley Coal and Iron Co. and trapped more than 100 workers underground.

The first blast at 5:45 a. m. was followed by another at 8 a. m. Throughout the day rescue workers sent up body after body, many of them burned. The shafts were filled with deadly carbon monoxide.

Late today the death toll was fixed at 70. Many others were in hospitals.

STRIKERS CONVICTION UPHOLD

OTTAWA, Ill., (UP)—The second Illinois appellate court, in a unanimous decision of the three democratic judges today asserted that the Wagner labor relations act does not protect sit down strikers from punishment for illegal acts, and upheld contempt of court convictions of 37 sit down strikers and two organizers for the Committee for Industrial Organization.

Springvale School Is Destroyed

The Springvale district school was destroyed by fire of undetermined origin shortly after one o'clock Tuesday afternoon.

Mrs. Florence Pratt and the twelve pupils, according to word received by County Superintendent E. J. Fitzgerald, were able to save most of the desks but the building was a total loss.

Three weeks of school remain and it is thought classes can be held in one of the shed buildings owned by Hector Williamson, contractor. Meanwhile the school trustees will meet on rebuilding plans.

MRS. DORA WOOD TAKEN TUESDAY

Wife Of Former Sheriff Was Native Of Placerville; Active In Lodge Work

Mrs. Dora Zeisz Wood, wife of former Sheriff Charles F. Wood and a native of Placerville, passed away at a local hospital on Tuesday shortly following the noon hour. She had been a hospital patient for about two weeks, following a nervous breakdown and other complications.

Although she was given every attention and care, her condition had failed materially to improve and last weekend her only son, Charles E. Wood, who has been employed near Seaside, Oregon, was called home.

Mrs. Wood was born in Placerville approximately sixty years ago. She spent her girlhood in the community and had lived here virtually her entire life. The only exception was the few years she spent with Mr. Wood following their marriage, when he was engaged in lumbering in other fields, at Cazadero and near Chico.

Mrs. Wood was a member of Leona Rebekah lodge No. 30, of Marguerite Parlor No. 12, N. D. G. W., of the Past Presidents' Association, Native Daughters of the Golden West, and of the Auxiliary to Placerville Aerie No. 889, Fraternal Order of Eagles.

She had served as a district deputy president for the Rebekahs and also for the Native Daughters of the Golden West.

Mrs. Wood was a true, faithful and sincere worker in behalf of the various orders in which she held membership and it was characteristic of her that in accepting an assignment, she discharged her duty at the earliest possible moment.

In her home life she was equally diligent, a loyal and true wife, and companion and helpmate, and a devoted and loving mother. Neighborly, charitable and kind, she was sincere in all of her contacts.

The many friends of the family in the community and throughout the county will join in expressing their esteem for the deceased and their sympathy to her bereaved ones.

Mrs. Wood is survived by her husband, Charles F. Wood, and one son, Charles E. Wood.

In addition she is survived by two sisters, Mrs. Emma Krauss, of Santa Rosa, and Mrs. Eugenia Stricker, of this city; and by four brothers, Fred, Robert, Frank and Harry Zeisz, all of this county.

The arrangements for the last rites are entrusted to the care of Memory Chapel.

Mrs. Frederica Gish Funeral Friday

The funeral services for Mrs. Frederica Gish, who died Sunday at the home of her daughter in the Youngs district, will be held Friday afternoon at 2 o'clock from the Dillinger mortuary chapel. Burial will be at Union cemetery.

The family is hoping to arrange that Rev. Carl Fickenscher, of the Lutheran church at Sacramento, will conduct the last rites. Rev. Fickenscher visits Placerville regularly to conduct church services here.

Mrs. Anita Clewell of North Hollywood is here for a month's visit with Mr. and Mrs. Al Prince.

Ranger George B. Young went to the Caldor section Tuesday to remain for several days.

Ranger Raleigh Bryan left Tuesday for Lake Valley, via Donner summit, to remain for several days.

WEATHER

Fair tonight and Wednesday; little change in temperature; high 76; low 42.

STATE CHAMBER MEETS FRIDAY

2 Placerville Men Chairmen Of Committees Involved In Important Action

Final plans for the campaign in opposition to the single tax initiative, discussion of agricultural labor, a study of old age pension initiatives, a study of the initiative providing for a full time, salaried Highway Commission, and timber screens on state highways will be principal subjects for discussion at the meeting of the Sacramento Valley council of the state chamber of commerce on May 13 at the Hotel Senator, Sacramento, at 10 a. m. J. L. Nagle, chairman of the council, reports that the county committees in opposition to the single tax have been set up and that an extensive educational campaign has been formulated.

The Agricultural committee, under the chairmanship of W. A. Rantz of Placerville, will discuss rulings of the national labor relations board which affect agriculture, federal policies affecting the sugar beet growers, and grower and packer conferences.

The conservation committee, with K. R. Walker as chairman, will discuss

Carsten Leads Bird-Busters

Camino Youth State Champion In Handicap Event And In Sixteen-Yard Shoot

Ernest Carsten, Jr., of Camino, showed his heels to more than 100 older and more experienced scatter-gunners at Sacramento over the weekend to win the 16-yard 200-bird event and the handicap in the California State trapshoot.

Les Neilsen, of Placerville, was also heard from in the shoot, claiming 193 in the 16-yard shoot and 91 in the handicap.

Carsten's laurels were not won without a fight. In the sixteen-yard shoot he tied with George Wilson, of Walnut Grove at 198, and in the shoot-off, Carsten busted 124 out of 125 while the best Wilson could do was 121.

Another tie showed up in the handicap, with R. Tonnini, of Truckee, equalled Carsten's score, but the Truckee man lost out in the shoot-off.

SEALS MEET SOLONS IN SERIES OPENING TONIGHT

By UNITED PRESS

The San Francisco Seals tonight opened at Sacramento a three weeks' invasion of the northern half of the Pacific Coast League baseball loop, only three games out of first place in circuit standings although reposing in sixth position.

Coast league averages released yesterday disclosed that Joe Oregno, Sacramento infielder, has replaced Mike Hunt, of the Indians, as the loop's leading home run hitter. Oregno has poled out eight circuit smashes.

Second Child Dies In Sacramento Wreck

SACRAMENTO, (UP)—Miriam Cain, 15-year-old blonde Sacramento high school girl, died today about nine hours after the death of John Hart Chenoweth, 15, her high school friend who took her joy riding in his parents' new car without permission.

The students were crushed in the heavy sedan when Chenoweth tried to round a turn at high speed and the car crashed broadside into a tree. Part of the car had to be chopped away before he could be extricated and taken to a hospital.

Anti-Aircraft Defense At S. F. Strengthened

WASHINGTON, (UP)—The war department today ordered anti-aircraft defenses of San Francisco strengthened in a move following congressional criticism that key cities of the United States virtually are without protection against air attack.

Secretary of war Harry H. Woodring announced that effective June 1 a full anti-aircraft regiment would be stationed at San Francisco to strengthen harbor defenses.

AUSTRALIA DEFENSE TO COST 213 MILLION IN 3 YEARS

SYDNEY, (UP)—The Australian government will spend \$213,000,000 on defense works during the next three years.

Prime Minister Joseph A. Lyons announced after consultation with the council of defense that the government had decided to spend \$124,000,000 in addition to the appropriations for the maintenance of defense forces now organized and apart from the civil aviation fund for the next three years.

The expenditure will include \$38,900,000 for the navy, 27,500,000 for the army, \$44,000,000 for the air force, and \$14,000,000 for munitions factories.

Premier Lyons gave details of the new defense program in what he called a "personal message to Australia" broadcast throughout the country over 106 radio stations.

PARADE OF SPORTS

By HENRY McLEMORE
(United Press Staff Writer)

LOUISVILLE, (UP)—Immediately after the Kentucky Derby I instructed my solicitor to contact Sir Hubert-Amundsen-Byrd-Magellan and organize an expedition to go in search of Bull Lea, the horse I picked to win.

First word from the Commander reached me today. He reported that he and his men had made their way through a tortuous jungle of discarded race programs at Churchill Downs race track, and had set up a base camp on the exact spot where Bull Lea started in the derby.

"Where the other nine horses stood at the start," the Commander's terse dispatch read, "we found only footprints. But in stall gate number six, which was Bull Lea's we found the imprint of an entire horse and a book. This led Sir Hubert to advance the theory that Bull Lea was lying down, either asleep or reading, when the race was started."

This jibed with my belief, but even if it didn't I wouldn't question my old friend Sir Hubert. Because it was Sir Hubert who, out of his vast knowledge of equine remains, and with only a hoof print to work on, deduced that Ben Hur had been guilty of rough riding in the third race at the Circus Maximus and was set down for three days by the stewards of the Rome Jockey Club.

The next dispatch, which was brought in by a tout runner, was from the Commander's camp on the back stretch and contained a nugget of information.

Scattered over the back stretch, and coated with dust, were leaves from a diary. Pieced together, they were found to be from the diary kept by Bull Lea as he journeyed around the track. They tell their own poignant story:

"I am writing this at the quarter pole and I am beginning to feel very badly.

"A dust storm has come up. I can scarcely see. Everybody has disappeared in the dust storm except Co-Sport, Dauber, and myself.

"Back stretch—I can't go much farther. Mountain Ridge and I are all alone and I feel sorry for him. Weak as I am he can't catch up with me."

The remainder of the diary consisted of incoherent jottings.

"Goodbye . . . why did I ever start out . . .

"I love you, Rose Leaves, Mother . . . and you, Papa Bulldog . . . my bride . . . my saddle soap . . . give them to Fighting Fox . . . the dust is thicker . . . clover . . . bluegrass . . . 5 to 2 . . . Mistuh Headley . . . My Ol' Kentucky Home . . . good night . . ."

FLASH! Bull Lea is FOUND.

Bulletin—Bull Lea, Hal Price Headley's colt, second choice in the pre-derby betting, was found on Churchill Downs track today by Commander Sir Hubert-Amundsen-Steffanson-Byrd-Magellan's searching party. Bull Lea was three feet from the finish line, and vainly trying to stretch his neck across

GLASS CLAIMED COLORED BY SUN'S RAYS ON MOJAVE DESERT

IMPERIAL, (UP)—As the result of having picked up a piece of broken glass one day in the Mojave desert, A. J. Clark, dealer in antiques and bric-a-brac, hopes to build a new American industry.

It will be the manufacture of costume jewelry and fancy glassware from glass that has been changed in color by the sun, sometimes over a period of 35 to 40 years.

Clark came to the Imperial valley four years ago from Oceanside. Fond of hunting and tramping, he and his wife spent long days walking over the desert near here.

One day, Clark noticed a piece of glassware lying on the desert, exposed to the sun for many years. It had changed to a peculiarly violet color. He took it home for study, and eventually it became the first of a collection of 4,000 pieces most of which are planted in his garden awaiting further color changes by the sun.

The collection includes about everything there is in thrown-away glassware, such as cut-glass vases, candlesticks, every imaginable type of bottle, and glassware in general.

REPORTS CURES

DARWIN, Australia (UP)—The Chancel Island Leprosarium reports the first four complete cures of leprosy since the institution was founded seven years ago.

the wire. Veterinarians said he was apparently suffering from a malady which annually afflicts one derby horse—McLemoris.

DRINKS STOLEN

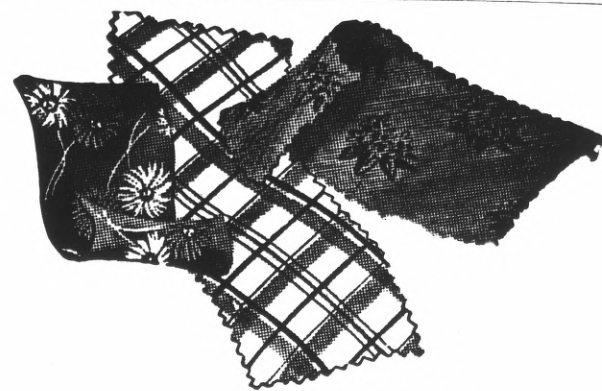

CANTON, O., (UP)—These burglars were just going to a party. They stole 40 quarts of whisky, six quarts of wine, and the contents of a cigaret-vending machine, but took no money.

C. S. Myszka has been farm advisor of Mendocino county 23 years.

PLANS MALL DEVELOPMENT

TOLEDO (UP)—Further steps to beautify Toledo's civic center with the development of a mall are under way. Two streets will be torn up to provide space.

British Queen potatoes were shipped from Edison, Kern county, in March.

GREEK PAGEANT PLANNED BY ORDER OF AHEPA AT NEW ORLEANS

NEW ORLEANS, (UP)—The triumph celebrated on the return of Xenophon, ancient Greek hero, victorious from Cunaxa with his 10,000 cohorts, will be rivaled here with the gathering of 5,000 Greco-Americans under the sponsorship of William Helis, wealthy Greek.

Helis, who came to the United States a poor immigrant boy, and who subsequently pioneered in the Louisiana oil industry and became Greek Consul for all the South, is planning a celebration for Greco-Americans similar to that triumph of ancient history.

The occasion for the celebration will be the annual convention of the Order of Arepa, or American-Hellenic Educational Progressive Association, to be held August 15.

Weiss had found it impossible to sleep in an ordinary bedroom.

THIEF'S HABITS KNOWN

PORT WAYNE, Ind., (UP)—Police know where to look everytime a pocketbook is stolen in this city. The thief has established a practice of throwing the pocketbooks, after emptying the contents, onto the roof of a downtown theatre.

AMUSEMENTS

Today's offering at the Empire headlines Warner Oland, with an able supporting cast including Keye Luke, in "Charlie Chan at Monte Carlo."

MYSTERY TALES AFFORD RELIEF FROM CARES OF DAILY LIFE

A love of mystery stories travels hand in hand with statesmanship, education and habitually orderly thinking—in other words, the greatest detective story fans are brainy folk.

A good mystery story is a mental cocktail that stimulates and lifts a person out of the routine groove of thinking, says Warner Oland, who portrays the world's ace detective in "Charlie Chan at Monte Carlo," which opens today at the Empire Theatre.

"One of the greatest detective story addicts," says Oland, "was the late Woodrow Wilson. Probably no less devoted to this type of literature were Theodore Roosevelt and King George V of England. The game of matching with a clever author is indulged in by President Roosevelt, Ex-President Herbert Hoover and practically every prominent statesman, educator and leader in world affairs."

Pioneer Store Remodeling

Enlargement Of Floor Space, New Refrigerator, Ice Cream Unit Included In Plans

Mrs. Margaret Burrus, owner-manager of the Pioneer Grocery is remodeling and redecorating her store at the corner of Broadway and Washington streets.

In order to give more floor space for display shelves and counters and a new walk-in and reach-in refrigerator, the partition at the rear of the store has been repainted, and at the front of the store an ice cream and milk shake dispensing unit has been added.

Mrs. Burrus states that the new dispensing unit where cold milk drinks are mixed and served has been added because of popular demand.

To assist with the extra work because of the improvement Mrs. Burrus has employed another clerk, W. H. Murdick, who comes very highly recommended, with many years experience both as a clerk and a former Red and White store owner.

He is a married man and expects to move his family here from Los Angeles as soon as convenient.

In addition to the grocery and produce department in the store, Mr. and Mrs. Albert Ruud operate a meat market, thus making it possible for the shopper to get complete service in all good lines at the one store.

The location of the business affords ample parking space at all times.

Stars Used As Guide In Weather Forecast

ORANGE, Mass., (UP)—After consulting the stars last fall, William Hudson predicted that there would be 24 or 26 snowstorms here this winter. There were 25.

Explaining how he arrived at his conclusion, the weather prognosticator says: "It depends upon the number of bright stars around the first quarter of the moon in October."

"Last October there were 24 bright stars and two which were mediocre, indicating there would be at least 24 storms and possibly 26."

NOTICE OF SALE OF TAX DEEDED LAND

Notice is hereby given that I, Geo. M. Smith, Tax Collector of the County of El Dorado, State of California, will on Tuesday, May 31st, 1938, at the hour of 10 o'clock A. M. in the office of the said Tax Collector, under Section 3897 of the Political Code of the State of California as amended, sell those certain following described pieces and parcels of land situated in the County of El Dorado, State of California, and described as follows to-wit: In Lakeside Park Tract, N¹/₂ of E¹/₂ of Lot 9 Block C; W¹/₂ of Lot 10 Block C, for a sum not less than Twenty Dollars (\$20.00). Said property was assessed to Myran Bros., Inc. for the years, 1926, 1927, 1928, 1929, 1930 and 1931.

Said sale to take place and purchase price to be paid in full with cash lawful money of the United States, at the time of purchase of the said above described property. No bid will be accepted for less than the advertised sum to be accepted and no deed will be given by Tax Collector until full purchase price has been paid, together with costs of advertising.

GEO. M. SMITH,
Tax Collector, El Dorado
County, California.

10may-1t.

FARM SECURITY GRANTS BEING CONTINUED IN STATE

SAN FRANCISCO. — The Farm Security Administration today announced its emergency cash grant program in California was being continued.

The program was initiated early in February when floods coupled with work shortage and labor surplus necessitated emergency measures. Tentatively it was planned for a 90-day period.

By April, however, 10,000 families had received grants and the active case load today is 5700 families, according to Jonathan Garst, FSA regional director.

Garst attributed the unemployment in California agriculture to the lateness of certain crops due to adverse weather, and the presence in California of more men than agriculture can absorb.

While many who received cash grants also found some employment, their period of employment and consequently their earnings were greatly curtailed. Only a few were able to find more than part-time employment, he said.

Cash grants are made to heads of stranded families ineligible for state or county aid. In numerous instances, said Garst, it becomes necessary to make subsequent grants after 30 days. Grants can only be made to cover a 30-day period. In California they average \$24.

MOTORMAN RECKLESS

CINCINNATI, O., (UP)—Street car operators in Cincinnati have been warned they are not exempt from obeying all traffic regulations. Municipal Judge Samuel W. Bell fined Melvin Gurland, a motorman, for reckless "driving".

Funeral services for Agnes Fay Tripp, five-day-old daughter of Mr. and Mrs. Walter Tripp, of El Dorado, were held Sunday from the Dillinger chapel and interment was in the family plot in the Bay State district of Amador County. The child passed away Friday at a Sacramento hospital.

Recorder's Filings

May 7, 1938

Notice of non-liability, by Stella P. Bathurst, Ruby E. Bryan and Raleigh Bryan.

Deed, Absomum W. Maclin and Alvina C. Maclin, husband and wife, to William C. Henningsen, and Iva J. Henningsen, husband and wife, as joint tenants.

Proposal by the Mine and Smelter Supply Co., to Oakleigh Thorne, the Crystal Mine.

Notice of Completion, by Dante Bacocchini and Amelia Bacocchini.

May 9, 1938

Mortgage, William W. Milner, to Prescott Sawyer.

Agreement, S. T. Arndt, his wife, to I. Emanuel and Allene Emanuel, his wife.

Deed, Michael B. Ryan, an unmarried man to the Roman Catholic Bishop of Sacramento, a corporation sole.

Trust deed, Bernt E. Chappell and Anita B. Chappell, husband and wife, as first parties to William E. Christian and Alice Christian, second parties, and Louise Sheppard and Edward Sheppard, third parties.

CHILDREN HELP MOTHER ALONG PATHS TO COLLEGE

NEW YORK, (UP)—Waiting until the children are grown before going to college has its compensations, according to Mrs. Anne Basson, a sophomore at Hunter College. When they attend college themselves it is particularly helpful.

With Shirley, her 19-year-old daughter, a science major in her senior year at New York University, and Leon, her 16-year-old son, studying medicine at the College of the City of New York, Mrs. Basson at least can count on her children for help in physiology homework. The only one in the family "out of school" is her husband, Bernard Basson, a Columbia University graduate.

1000 SCOUTS IN THREE GROUPS TO STAGE CAMPOREES

Over a thousand Scouts of the Golden Empire Council will participate in three Camporees to be held this month.

On May 14th and 15th Scouts from the Amador area will meet at the Italian Picnic Grounds between Sutter Creek and Jackson, and on the following week end, May 21st and 22nd, the El Dorado District Camporee will be staged at Bennett Park, Placerville. Also on May 21st and 22nd the balance of the Scouts in the five county area of the Council will pitch camp in their annual affair at the Boy Scout Reservation on the American River, just north of Sacramento.

In each of the three groups, camping will be carried on as a patrol organization, and each patrol will compete against a fixed standard of proficiency. The patrol is composed of eight boys and will be under the supervision of a Scout patrol leader, without the assistance of adult leadership. Patrols receiving either an "A" or "B" rating at the Camporees will be eligible to enter the Northern California Sectional Camporee to be held in the fall.

The real purpose of the Camporee, explained Scout executive Hazen Shovrin announcing the dates, is to climax

New Eyelids For Boy In Operation

KINGSTON, Ont. (UP)—Pieces of skin removed from his leg may restore the eyesight of Kenneth Donnelly, 14, of Sharbot Lake.

Kenneth slept with his eyes closed for the first time in 13 years after Dr. L. N. Armstrong and grafted on the skin eyelids.

The boy lost his eyelids 13 years ago in an accident. He is expected to see normally again in three years.

The operation was the second of the kind ever performed in Canada.

EWES REJECTS KIDS

CORVALLIS, Mont. (UP)—A ewe that gave birth to triplet lambs apparently refused to believe her eyes. She would only feed one, and the remaining two were adopted by other ewes.

a winter season of training and practice in patrol camping. He added that as a demonstration it provides an opportunity for patrols, Scouts and all Scouters and the public to look and learn, and so has an educational value for those concerned. The Camporee also gives emphasis to a coming summer season of camping, and last but not least, provides fun and inspiration through participation with other Scouts in a "big" activity.

Baseball Aide Lion Speaker

(Continued from page 1)
"farm system" in baseball was forced on the Cardinals several years ago after word had been received of a likely looking player on the Houston Club in the Texas League, whom the Cardinals sought to purchase.

The discovery of a player by the Cardinal scouting staff led to negotiations in which the Cardinals made an offer for the player only to have the Houston club contact another major league club which could bid higher for the player's services, and therefore bought him.

Branch Rickey at that time, Ziegler said, decided that he was maintaining an elaborate scouting organization which was turning up players for purchase by competing clubs, and so set upon the "farm system" as a means of developing young ball players into worth while material and making sure the Cardinals would gain the services of the players.

Ziegler said the Sacramento Club, owned by the Cardinals, is "due to be a pennant contender this year. The only weakness in the club is that it has not yet started to hit, although the club management knows that the players can and have hit much better than they have this year. The speaker did not indicate any feeling of concern in the matter and left the impression that one of these days the Senators will get their eyes on the ball.

On pitching, the club leads the league and the Sacramento infield has been termed by sports writers in the northwest as the best defensive infield they have ever seen in the league. Ziegler closed his talk with a "question box" in which the Lions asked about developments of recent interest concerning the Sacramento Club and their Cardinal chain organization.

The speaker for the club's meeting next Tuesday will be Rex Black, of the California Forest Protection Association, who comes to the club at the invitation of Lion Swift Berry.

Lion President Bill Hayes presided.

With devotion to the Roosevelt policies as his main issue, he defeated four opponents running more than 2 to 1 ahead of his nearest competitor.

AGED DANCING TEACHER WOULD RATHER DO BIG APPLE

ST. LOUIS, (UP)—At 70, Mrs. Letitia Cirode, energetic, merry, and modern, would rather do the Big Apple than almost any other dance she knows.

And she knows them all. For the past 53 years she has been teaching dancing steps to students ranging from 6 to 60, and has shown them the fine points of everything from ballet and tap dancing to truckin' and the Suzie Q.

A good many people are shocked at the Big Apple and other modern "swing dances." But not Mrs. Cirode—or rather Madame Cirode, as her three generations of students know her. She thinks dances are better now than they ever were.

CARD OF THANKS

We wish to extend to all the residents of Placerville and Georgetown our sincere appreciation for their kindness, interest and sympathy during Russell's illness and death, caused by the accident near Georgetown.

We feel his loss deeply but are comforted to know that Russell was indeed happy during the year he resided on the ranch with his Aunt, Mrs. H. Irish at Georgetown. He loved El Dorado County and especially his school contacts at Placerville. It was his ambition to go to Davis and be one of California's future farmers.

Adequate words cannot be found to commend the splendid work and attitude of Dr. Reckers and his hospital staff. Even though Russell did not live it was very evident that Dr. Reckers and his assistants did all that was humanly possible to do. Placerville is most unfortunate in having fine medical men and hospitalization.

We will ever be grateful to El Dorado County for furnishing one of the happiest years of Russell's life.

Very Sincerely,
MR. and MRS. R. G. WOLFE
and FAMILY
Oakland, California.

633 Claim Job Insurance

(Continued from page one)
jobs, or unemployment compensation.

Department of Employment interviewers had on file during the same week, ending April 23, a total of 846 workers, whose occupations are clearly delineated on their application cards, and who are ready at a moment's notice to report to the employer who desires their services.

And as an interesting note to business interests of Placerville the Department has distributed \$12,000 in the form of unemployment compensation to unemployed workers, who in turn, given the trade marts of the city through spending the funds for necessities on behalf of themselves and their families.

On the basis of cold statistics, the Placerville office has a total of 633 claims for unemployment compensation on file at the present time, indicating that some \$40,000 will be sent from Sacramento to this community's unemployed workers, on the basis of claims filed at present. The approximate total is computed on the average claim payment to the individual.

Commenting on this record, Hyde said:

"Since February 14, the Department of employment has distributed \$6,000,000 into the business channels of 62 California cities.

"This total grows larger weekly, revealing conclusively the operation of unemployment insurance as an integral part of the functions of employment, has already reached the point where it is highly important to the economic life of the community.

"Actually, the storing up of a reserves fund to balance need in a time of business recession need no longer be considered a theory. Experience in this and other states has proven the necessity of such insurance, and the theory has turned into a proven fact."

TWINS, 80, CELEBRATE

LIVERPOOL, N. Y. (UP)—Emmet Patterson, of Syracuse, N. Y., and his twin sister, Mrs. James Robinson, celebrated their 80th birthday anniversaries at a party at Mrs. Robinson's home here. Three great grandchildren were among the guests.

ALTAR OF CRUSADE ERA FOUND IN CHAPEL AT JERUSALEM

JERUSALEM, (UP)—Workmen repairing the Armenian Chapel of St. Helena in the Church of the Holy Sepulcher have brought to light a fine Crusade period altar, with marble mensa, which was covered by the Armenian wooden altar under the central apse at the east end of the subterranean chapel.

The altar stands out from the semi-circular wall of the apse like an eastern altar and has in front a recess surmounted by a broken obtuse arch.

The mensa has innumerable small Crusader crosses carved on the sides by pilgrims and Armenian graffiti (stone carvers). The altar is almost 7 feet high, 40 inches wide and 3 feet high.

Another stone altar, not so well preserved, has been found in the north apse, where the Table of Prothesis is found in an Orthodox church.

RECORDS TO FALL IN 500-MILE SPEEDWAY CLASSIC MAY 30

INDIANAPOLIS, Ind. (UP)—When the exhaust fumes had lifted from the 2½-mile brick oval that is the Indianapolis Speedway at the end of last year's 500-mile race, only one speed record remained on the books.

And, according to T. E. (Pop) Myers, manager of the Speedway, and Wilbur Shaw, last winner, some of those new records or all of them will be shattered at the 26th renewal of the greatest automobile competition this Memorial Day.

Shaw, the first Indianapolis driver to win the classic, averaged 113.58 in 1937. This year he figures the winner will cross the line with an average of about 118.

"The drivers will be permitted to use racing fuel instead of stock gasoline as in the past," he said. "Racing fuel has more kick in it and more speed. We'll really be going to town out there this time. And the faster you go, the greater the danger. All records should be broken this year."

Shafter, Kern county, garlic growers report their fields in excellent condition and they expect a heavy crop.

State Chamber Meets Friday

(Continued from page 1)

flood rehabilitation funds, national forest boundary extension, revision of the State Fire Code, and proposed federal subventions.

L. B. O'Rourke will preside at the Highway committee session, which will consider load limit restrictions and will give major consideration to the initiative providing for a full-time, salaried highway commission, and extend the power of the Commission to include highway safety.

The tax committee, with J. A. Irving, of Placerville, chairman, will give special consideration to the state chamber's campaign against the single tax, statewide coordination of relief, and proponents and opponents of the revenue bond act of 1937, a referendum measure, will be heard by the tax committee.

The travel committee will perfect a program designed to attract visitors to Sacramento valley.

J. L. Nagle, chairman of the council, will preside at the executive committee and council meeting. A. E. Goddard, regional vice-president, and director A. T. Spencer, chairman of the statewide agricultural committee, will be present. Nagle expects attendance from the 19 north-eastern California counties, and reservations have been sent in for over 125.

Suspect Repudiates Murder Confession

SEATTLE, (UP)—DeCastro Earl May, 42, a life term convict in the Washington state prison, said today that he had admitted slaying James Eugene Bassett in 1928 to save his mother.

He repudiated an earlier confession and said that he was not guilty of the crime.

ARMY WIFE RAILS AT MME. CHIANG; KNOWS HER NOW

SHANGHAI, (UP)—Picture the embarrassment of the wife of a high Chinese military commander when she learned the woman she had ordered to vacate a seat in a theater during a fit of temper was Mme. Chiang Kai-shek.

The commander's wife purchased a front row seat without knowing the performance had been cancelled for an address by Mme. Chiang. Finding her seat taken by some one, she was indignant. Heated words were spoken loudly and the occupant was ordered to vacate at once.

Finally Mme. Chiang instructed her maid to produce her calling card; then she non-chalantly walked to the platform and began her address.
